Michigan Department of Education.

Preface

This *Michigan Special Education Directory 2002-2003 Edition* lists special education administrative personnel in Michigan's local and intermediate school districts, specialized schools, public school academies (charter schools), institutions of higher education (IHEs), and organizations and associations, as well as selected national organizations and associations. In addition, the directory lists special education related administrative personnel for the Michigan Family Independence Agency and the Michigan Departments of Education, Corrections, and Community Health. The directory lists the complete staff of the Office of Special Education and Early Intervention Services (OSE/EIS) and contact information for OSE/EIS advisory committees, state discretionary projects, and the State Improvement Grant (SIG).

The content of the directory is drawn from a special education master database, maintained by the Center for Educational Networking (CEN), that is used to publish a paper directory yearly and a portable document format (PDF) directory online at the Michigan Department of Education Web site and the Michigan State Improvement Grant Web site three times a year. Content in the directory reflects an extensive effort by CEN staff to update each of the records in the database by mail, telephone, fax, and electronic mail.

Each directory entry contains a person's direct mailing address, telephone number(s), fax number, and e-mail address. It lists the role(s) or function(s) the person serves in the particular agency and any specific title(s) that person may hold, if the title(s) is different from the role(s)/function(s). For example, if a person serves in the role of building principal at a particular school, the title "Principal" is listed. If the principal also serves in the role of local district special education contact, that information is also listed. Similarly, a person who functions in the role of ISD director of special education might have the title "Director of Special Education," "Associate Superintendent," "Assistant Superintendent for Special Services," or a title completely unique to that ISD. Therefore, both title(s) and role(s) are listed. Importantly, the fact that a person is known by a specific title(s) or functions in a specific role(s) does not mean that the person has a state endorsement in that title/role (e.g., supervisor of special education).

Turnover in directory personnel is high. Please report changes, including new positions and personnel added to a school district, office, or organization, directly to CEN as soon as possible.

Michigan Intermediate School Districts

Table of Contents

Michigan Department of Education **1**

Office of Special Education and Early Intervention Services (OSE/EIS) **2**
